# Introduction

Insurance is an important issue for consumers. Most families rely on insurance for the financial protection of their health, income, cars, and homes. But for many consumers, shopping for insurance isn't easy. Insurance is complex and highly specialized. How can consumers make the best decisions about how much and what kind of insurance coverage to buy?

With the right information, consumers can make sound decisions. That's why the Insurance Division publishes the *Consumer Guide to Oregon Insurance Complaints*, an annual report of consumer complaints against insurance companies in the six most common lines of insurance:

- auto (personal)
- health
- health-care service contractors
- homeowner
- life
- annuities

This report ranks insurers by their complaint records, which are based on the number of consumer complaints filed with the Insurance Division and the amount of premium dollars earned by the insurers. It allows consumers to see at a glance how a company compares with its competitors.

In addition to consumer complaints, there are other factors to consider when shopping for insurance. Cost, claims-handling performance, agent service, and the financial health of an insurance company are all important. That may sound like a lot, but being an informed consumer can prevent worry and save time and money.

Look for consumer tips for each of the major lines of insurance throughout this report. We'll tell you how to comparison shop and what to look for. We've also included information to help you learn about a company's financial health and how to choose a reliable, licensed agent.

By providing fair, accurate, and useful information for consumers, *Oregon Insurance Complaints* fulfills an important part of the Insurance Division's mission to protect consumers.

## Not all companies are included

Because of space limitations, not all insurance companies authorized to do business in Oregon are included in this booklet. Only companies or groups that earned at least a million dollars in premium in Oregon or had at least 10 complaints are ranked. For life insurance and annuities, only companies or groups that earned at least three million dollars in premium or had at least 10 complaints are ranked.

The amount of premium earned in Oregon does not reflect the financial strength of a company or its ability to pay claims.

To find out if an insurance company not included in this booklet is authorized to do business in Oregon, please call our Company Section, (503) 947-7982, or check our Web site: [oregoninsurance.org](http://oregoninsurance.org).

# Total insurance complaints

During 2001, the Oregon Insurance Division closed 4,255 complaints involving insurance companies. The insurers listed in this report accounted for 4,106 complaints or 95 percent of all complaints.

The table at right compares the complaints for all insurers to those for the insurers named in our report in the six most common lines of insurance.

Line of insurance	Total complaints		Percent
	Insurers in this report	All insurers	
Auto (personal)	2,026	2,059	98
Health (excluding HCSCs)	555	581	96
Health-care service contractors	975	975	100
Homeowner	258	281	92
Life	237	294	81
Annuities	55	65	85
All six selected lines	4,106	4,255	95

# Total insurance premiums

Insurance premiums in Oregon in 2001 totaled \$8.5 billion. The insurers listed in this report accounted for more than \$8 billion of premiums in 2001. The table at right compares the premiums earned by all insurers to premiums earned by the insurers named in our report in the six most common lines of insurance.

# Types of complaints — making a complaint

The Insurance Division's Consumer Protection Section assists thousands of consumers with insurance questions and complaints each year. In 2001, Consumer Protection helped recover \$7.8 million in claims for consumers who contacted our office.

Although individual consumer complaints are confidential by law, the Insurance Division is authorized to publish this report on the number of complaints by insurer. This report includes only "formal complaints" that were closed in 2001.

Most complaints involve disputes about claims processing and benefits. Other complaints involve problems with the sales and servicing of insurance policies, such as cancellations, non-renewals, and rate increases.

If you have a question or complaint about an insurance company or one of its agents, the Consumer Protection Section may be able to help. We investigate complaints by contacting the company or agent involved, and we provide consumers with information or assistance to help resolve the problem. You can reach us by phone, fax, or e-mail.

# Managing the cost of insurance

Cost is an important factor for most consumers, and insurance companies don't all charge the same rates for the same types of policies. The Insurance Division sets guidelines so that rates aren't unfairly discriminatory and excessive. However, to obtain the best rates, it pays to shop around. Comparison shopping is easier when you know the type of coverage you need and how much coverage you want to purchase.

## **Comparing apples to apples ...**

If you're shopping for auto or homeowner insurance, ask the agent or company for a "quote." The quote is the estimated price for a policy with specific amounts and types of coverage. The quote is based on several factors. Many of those factors involve the company's experience in paying claims for losses. Other factors are personal ones based on your special needs and circumstances.

For example, in auto insurance, major cost factors are the age and driving record of each driver in the household, as well as credit scores. In addition, the quote can vary just by changing the amount of the deductible you choose to carry.

To compare policies, it's important that you give each agent or company the same information so that each quote you receive is based on the same factors. Otherwise, comparing policies will be like comparing apples to oranges.

When shopping for insurance, ask if the company offers special discounts, such as safe-driver discounts on auto insurance and non-smoker discounts on homeowner insurance. Ask agents about coverage limits, benefits, and costs. You may need to talk to several agents and companies to make a thorough cost comparison.

# Choosing a financially healthy insurance company

More than 1,600 companies sell insurance in Oregon. Most insurers doing business in Oregon are financially healthy. However, aggressive competition, poor investments, and mismanagement mean some insurance companies may become insolvent. That's why consumers need to know how to choose the healthiest insurance company possible.

To learn more about the health of a company, here is a list of better-known organizations that rate insurance companies based on their financial condition and claims paying ability. The public library usually has at least one of these insurance rating reports, but it's helpful to compare two or more.

Companies may charge a fee for these services.

Here are some tips to help you choose an insurance agent:

- Make sure your agent is licensed. If you aren't sure, call the Insurance Division's Agent Licensing Unit, (503) 947-7981 or visit our Web site:  
**[oregoninsurance.org](http://oregoninsurance.org)**
- Ask around. You may want to find out if your local Better Business Bureau has received complaints about a particular agent. Ask the insurance agent you're considering for recommendations from clients.

# Choosing a qualified agent

- Ask agents what kind of service you can expect from them. Will they regularly evaluate your insurance needs? Will they help when it's time to make a claim?
- Finally, keep in mind that not all agents work for the same companies. To obtain the best value, you may need to contact more than one agent for insurance quotes.

# How to use this report

The *Consumer Guide to Oregon Insurance Complaints* is an annual report of consumer complaints filed against major insurers in six types (or lines) of insurance:

- auto (personal)
- health
- health-care service contractors
- homeowner
- life
- annuities

The guide includes the following information for calendar year 2001 for each insurance company and insurance group:

- Premiums earned in Oregon
- Total consumer complaints closed by the Insurance Division
- Confirmed complaints

A “confirmed complaint” is a complaint in which an insurance company provided some kind of relief to a consumer or took some other action after a complaint was filed with the Insurance Division. Examples include complaints in which an insurer took one of the following actions:

- Made an additional payment or a refund to a consumer
- Issued or restored an insurance policy
- Extended insurance coverage
- Reopened or settled a claim
- Provided some other kind of relief (for example, a company responded to a consumer’s inquiries)

Complaints in which the consumer and insurer couldn’t agree on the facts of the case also are counted as confirmed complaints.

In addition, the guide includes a “complaint index” and a ranking for each insurance group.

## How to use the complaint indexes and rankings

Consumers can use the complaint indexes and rankings to compare the complaint records of insurance companies. Most insurance companies are members of insurer groups, so the complaint indexes and rankings are computed at the group level instead of the company level.

Total complaints are reported in the guide because each complaint indicates a consumer had a problem with an insurer. However, only “confirmed complaints” are used in computing complaint indexes.

Examples of complaints that are not used in computing complaint indexes include the following in which the Insurance Division:

- Found that an insurer had complied with Oregon insurance laws and rules
- Did not have jurisdiction (legal authority) to make a determination

Because the average is always measured as 1.00, a complaint index of 1.00 means the group’s share of confirmed complaints is equal to its share of business in Oregon. A complaint index of 2.00 means that the group’s share of confirmed complaints is twice as large as its share of business.

After complaint indexes are computed, the insurer groups are ranked by their complaint record. A ranking of 1 indicates the “best” complaint record — or the fewest confirmed complaints in relation to the amount of premium the group earned in Oregon in 2001. The highest numerical ranking indicates the worst complaint record — or the most confirmed complaints compared to the amount of premium.

# How to use this report

## How to find a company

This report is arranged alphabetically by insurer groups, with individual companies in each group listed underneath.

If you are uncertain of the name of the insurer group for an individual company, check the index (Pages 53-68) by the line of insurance. The index will tell you whether a company is affiliated with a group and the name of that group. It will also tell you the page on which the group is listed.

## Oregon Complaint Report, Part II

The Insurance Division publishes a more-detailed report of consumer complaints against insurance companies doing business in Oregon. The 600-page

*Oregon Complaint Report, Part II* includes the following:

- Summary tables showing the total number of consumer complaints closed by the Insurance Division in 2001
- Individual insurance-company complaint tables for 2001

Both the summary and individual company tables break down the reasons for complaints and indicate how they were resolved. For example, the tables show how many complaints involved claims-handling delays, and, of those, how many were settled by the insurer after a complaint was filed with the Insurance Division.

To get a copy of the *Oregon Complaint Report, Part II*, send a \$25 check, payable to DCBS, to: Oregon Insurance Division – 2, 350 Winter St. NE, Room 440, Salem, OR 97301-3883.

# Auto insurance (personal)

About 200 companies sell auto insurance in Oregon. Due to a very competitive market, the consumer who comparison shops can find big differences among companies' premiums.

## Save money on optional coverages.

*Liability coverage is required by law to protect others if you're at fault in an accident. Collision and comprehensive are optional coverages for your car.*

- Drop collision coverage on cars that cost more to repair than they are worth. For example, consider carrying only liability coverage for cars valued at less than \$1,000.

- Increase your deductibles. Take the highest deductible you can afford on collision and comprehensive coverage.

# Health insurance (excluding HCSCs\*)

Health insurance covers a wide variety of insurance policies, from comprehensive policies that cover medical and surgical care to those that meet specific needs, such as long-term care or income replacement in case of disability.

Health insurance is available through groups and to individuals. Group health insurance is usually provided as a contract between the insurance company and a group policyholder, such as an employer, labor union, or association. Group insurance generally costs less

than an individual plan. More people are covered under group plans than as individual policyholders.

Although you may not shop for health insurance in the same way you would for auto insurance, it's still important to understand how your health coverage works so that you receive all of the benefits to which you may be entitled. Your insurance company must disclose certain information in writing to all enrollees and provide additional information on request.

## Maintaining coverage.

*What happens if you leave your job and wish to continue carrying health insurance? Recent changes in state and federal law have improved your rights to remain insured after a job change. For more information, call (503) 947-7984, or (888) 877-4894 (toll-free in Oregon)*

## Mental health and chemical dependency benefits

Oregon insurance law requires most group insurance plans to provide a minimum level of benefits for the treatment of mental health and chemical dependency. Ask your plan administrator about frequency and types of treatment. It's important to know that most plans limit coverage of certain diagnoses.

# Understanding your HMO or other managed-care plan

“Health-care service contractor” (HCSC) is the legal name for a health-maintenance organization (HMO) or other type of health-insurance plan that contracts with doctors, hospitals, and other medical providers to offer medical services on a pre-paid basis. Most HCSC plans include “managed-care” provisions.

Most consumers enrolled in a managed-care plan pay a monthly fee or premium and often a small co-payment for each visit to a doctor. Most plans require consumers to designate a primary-care physician who will be responsible for their care.

Recent changes in the law have established basic patient rights for most managed-care plans. If you have questions about your rights, contact the Consumer Protection Section, (503) 947-7984, or (888) 877-4894 (toll-free in Oregon).

To learn more about your managed-care plan, contact your health-plan administrator. The following questions will help you get started:

- How do I choose a primary care physician?

- What if I want to change physicians?
- What procedure do I follow if I need a referral to a specialist or need mental health benefits?
- What is the plan’s definition of emergency care? Does the plan provide its own after-hours care if I need it?
- Whom do I need to call before going to the hospital? Which hospitals can I use?
- What does my plan cover if I am traveling out of my service area?
- How do I file a grievance if I have a disagreement about my care?
- What prescriptions are covered by my plan?
- Is preventive care covered by my plan? How often?

# Homeowner insurance

A home is the biggest purchase most people will make, so it's essential to protect such an important investment. Homeowner insurance protects your home and what's in it. It protects you and your family against claims from others who may be accidentally hurt on your property.

Buying the right amount of coverage is important. Having enough coverage for your home and posses-

sions means you will have to pay less out of your pocket to replace property that is destroyed or stolen.

To determine how much coverage you need, know the square footage and features of your home (fireplace, two stories, garage, etc.) so that the insurance agent who quotes a premium for you will be able to calculate today's cost to replace your home. When comparing costs among several companies, make sure you are comparing the same amount of coverage.

**Most homeowner policies don't cover damage from earthquakes or floods.**

*You need to purchase additional coverage if you want protection from an earthquake or a flood.*

**Choose the biggest deductible you can afford.**  
 A deductible is the dollar amount you will pay on each covered claim. Typically, the higher the deductible you choose, the lower the cost of the insurance.

## **Do you need life insurance?**

*As a general rule, the fewer dependents you have, the less insurance you're likely to need.*

*Life insurance may not be suitable for seniors, single people without dependents, or for those consumers who have other assets that provide income or mortgage protection.*

The basic concept of life insurance is simple: It's a death benefit paid by the insurance company to the beneficiaries of the policyholder. Over the years, however, life insurance has evolved into a wide variety of complex products.

Life insurance can serve many needs of an individual or a family besides providing a death benefit. It can be used for estate planning, charitable giving, or even to fund a business transfer. Life insurance can offer important tax benefits. The income earned on certain types of policies is tax deferred, and the death benefit paid to the beneficiaries is not taxable income.

There are two basic types of life insurance: term and cash value. Term insurance is the most affordable and allows most people to buy the greatest protection for

the lowest premium. It offers a death benefit if the policyholder should die during the specified period of time. Whole life, variable life, and universal life insurance are examples of policies that accumulate cash value over time. These types of policies combine a death benefit with some type of savings or investment plan. Cash value policies are often complex investment vehicles with advantages and disadvantages as compared to other investment options.

When considering life insurance, take the time to get your questions answered so that you can make a decision that will meet your needs.

If you have questions about life insurance, the Insurance Division can help. Call the Consumer Protection Section, (503) 947-7984, or (888) 877-4894 (toll-free in Oregon.)

## Buy group insurance.

If your employer offers it, group insurance may be a better buy than an individual policy, and you may not need to take a physical exam to qualify. Many group policies are convertible to an individual policy if you lose your group-member status.

**No smoking!**  
*(If you want to  
 save money.)*

Most policies are priced on personal factors like your age and health. Smoking can raise your premiums significantly. You'll not only save money if you don't smoke, but you may also save your life.

# Annuities

An annuity is an investment product that allows you to save for retirement while deferring income taxes. You can choose from several payout options, including receiving a lump sum or having monthly income for life.

Annuities are issued by life insurance companies. You can buy annuities from the insurance company or through banks and brokerage firms.

One of the biggest advantages of annuities is that your savings grow without any current tax because earnings aren't taxed until payouts begin. Another advantage is that annuities can provide a steady stream of income that you cannot outlive. In addition, annuities offer more flexibility than some other retirement products, such as individual retirement accounts (IRAs). You decide how much money to invest in an annuity, what type of investment risk you want to assume, and how and when you begin receiving payouts.

There are two basic kinds of annuities — deferred and immediate. With a deferred annuity, you put money in as a lump sum or on a regular basis, but delay the pay-

out while your money grows tax free. With an immediate annuity, you start receiving payments right away.

After you choose a deferred or immediate annuity, you'll need to decide if you want a fixed or variable annuity contract. With a fixed annuity, your premiums earn a fixed rate of return. You're guaranteed a fixed amount every month when you begin receiving payouts (on the schedule you've specified). When you buy a variable annuity, you decide how your money is invested. Variable annuities usually offer a variety of investment options, such as money market, bond, and stock funds. The return you receive depends on how well the funds perform.

Before buying an annuity, carefully review all of the options and risks to make sure you get the type of contract that best suits your financial situation.

If you have questions about annuities, the Insurance Division can help. Call the Consumer Protection Section, (503) 947-7984 or (888) 877-4894 (toll-free in Oregon).

## Check before you buy

*Before buying an annuity, make sure the insurance company issuing the annuity is licensed to do business in Oregon. Call the Insurance Division's Company Section, (503) 947-7982, or check our company search page on our Web site:*

## **Before you buy**

Before purchasing a variable annuity, find out what fund options are available. Companies are required to give you a prospectus for any annuity contract registered with the Securities and Exchange Commission. The prospectus includes information about the fund's objectives, expenses, financial condition, and investment risks. Remember, returns from variable annuities depend on the performance of the funds backing the contract.

# About the Oregon Insurance Division

The mission of the Insurance Division is to administer the Insurance Code for the protection of the insurance-buying public while promoting a positive business climate.

We ensure the financial soundness of insurers, the availability and affordability of insurance, and the fair treatment of consumers by doing the following:

- Licensing insurance companies and monitoring their solvency
- Reviewing insurance products and premium rates for compliance
- Licensing insurance agents and consultants
- Resolving consumer complaints
- Investigating and penalizing companies and agents for violations of insurance law
- Monitoring the marketplace conduct of insurers and agents
- Educating the public about insurance issues
- Advocating reforms that protect the insurance-buying public
